

# Ottobonis Enter Plea

Raymond Dominic Ottoboni and his son, Raymond John Ottoboni, pleaded not guilty Monday to new charges of election fraud in Colma.

Municipal Court Judge F. Jose deLarios scheduled a preliminary hearing on the new charges for May 17 in South San Francisco.

It is alleged that the Ottobonis feloniously pressured two men to register to vote in Colma in 1975, knowing that neither lived there. R. J. Ottoboni, a former police chief and councilman, also is charged with four misdemeanors stemming from his alleged registration of the men.

R. D. Ottoboni has been a Colma councilman for 23 years.

The new charges followed by two months a grand jury indictment charging the father and son and Mrs. R. D. Ottoboni in a scheme to register four voters who didn't live in Colma in order that they would vote for the younger Ottoboni in last month's Colma city council election. He lost by one vote.

Trial on those charges is scheduled for July 12.

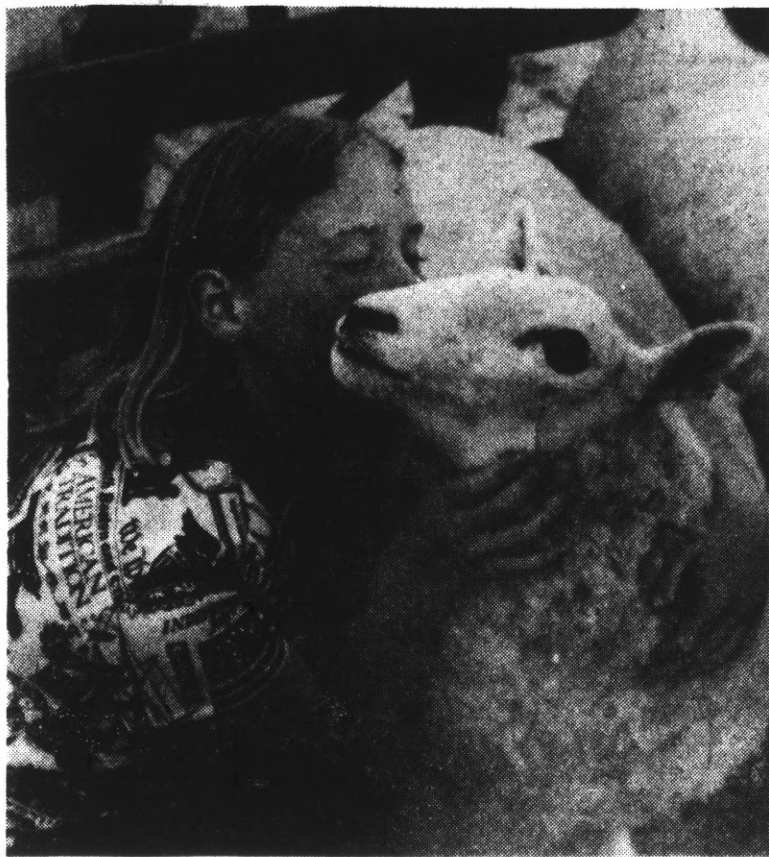

The new charges were the result of an on-going investigation, and involve allegations stemming from July 1 through Oct. 2 of 1973, according to Dist. Atty. Keith C. Sorenson.

It is alleged that both Ottobonis feloniously procured men identified as Phillip Rowsher and Gregory D. Barnett to be registered to vote, knowing that they did not live in Colma.

The younger Ottoboni additionally is charged with four misdemeanors stemming from his alleged role in actually registering the two men.

Sorenson said that his office will seek to consolidate the new case with a trial set for the charges from the Grand Jury indictment.

R. D. Ottoboni is represented by attorney Lois Scampini of Redwood City, while his son is represented by Zerna P. Haning III of San Carlos.

A FAREWELL EMBRACE

One of the 1,825 young exhibitors bids a farewell to the lamb she has cared for as it is readied for auctioning.

# Animals, Kids Arrive For Cow Palace Show

By JANET REINKA

Harold Arendt pushed his stetson down low over his eyes and observed the procession of redheads as they sauntered by.

"That'n throws her legs out. That'n's too fat. That one walks sloppy and she's too low-slung. That one's got a peaked behind and that'n there don't walk well."

Now a real cow, well she's got size and strength, he explained. She isn't heavy in the brisket and she's feminine.

"Sexy looking," he said, smiling. "She's got the same things that you look for in a woman. Clean neck, clean jaw, alert looking, and an oval face."

Harold Arendt's connoisseur's eye was brought all the way from South Dakota to the Daly City Cow Palace to help teach 1,825 California youngsters to recognize beauty in an animal when they behold it.

He spent most of the day Friday judging heifers almost as nervous as their owners, who selected and

raised the animals for this important event.

Maybe if she had it to do over, for example, 16-year-old Clerice Alves would not have bought Miss Gilead 107, a pleasingly plump heifer affectionately known as "Totie."

Miss Gilead became so jumpy during the judging that she kicked into the judge's table, knocking over a box full of red, blue and gold ribbons.

Miss Gilead placed eighth.

This is the 30th time the Junior Grand National Livestock Exposition has been held. It is sponsored by the state of California to encourage youngsters, most of them farm children and members of the 4-H or FFA, to raise top quality animals.

The cows, steers, sheep, goats and swine started arriving last Wednesday for judging. The animals are divided into two divisions: breeding and market.

On Tuesday the breeding animals will go home. The market animals will be auctioned, the swine at

noon April 12, followed April 13 by the lambs at 9 a.m. and the steers at 1:30 p.m.

Then the horses will start arriving. Hunters and jumpers will be judged from April 15 to 17. The show will take Easter Sunday off, then the Western Division will be open April 19 through 21.

The public is welcome to watch the judging, walk among the animals and talk to the children, or bid on the animals at the auction.

In addition, a rodeo — complete with riding, roping and clowns — will be held at 8 tonight and at 6 p.m. Sunday.

Most of the young farmers, who are between the ages of 5 and 19, spend more time grooming and caring for their animals in the months preceding the show than they do on themselves — about two hours a day.

For Scott Martin, 14, of South San Francisco, however, the jitters came over him at weigh-in time, not at the judging.

His puffy white lamb —

NORTH COUNTY EDITION

# THE POST

Vol. 30, No. 15 DELIVERED EVERY WEDNESDAY MORNING WEDNESDAY, APRIL 14, 1976

LAWMEN UNDER FIRE

Bearing the brunt of complaints from more than 200 Daly City residents were, left to right, Daly City Police Sgt. Steve Lowe, Superior Court

Judge Frank Rose, Daly City Police Lieut. Tom Culley and Keith Sorenson, San Mateo County district attorney.

## DC Residents Unhappy

## Crowd Sounds Off on Crime

By RICK SULLIVAN

Angry Daly City residents, many of them victims of violent crimes, came to that city's War Memorial Building Thursday night to admonish a panel of county criminal justice authorities for failing to protect them from law breakers.

Several of the more than 200 residents who attended the meeting warned the panel they would take the law into their own hands "if laws were not changed to protect the people instead of protecting the rights of criminals."

One man pointedly told the authorities, "If I find a burglar in my house I will kill him."

And another suggested, "If you want to reduce crime, I'll tell you how.

Give the victims the upper hand. Change the law to allow a victim to handle a situation the way he wants and the crime rate will go down."

And yet another, who told the panel that two men recently tried to murder his son, vowed, "If anybody comes up to me and sticks a knife in my gizzard, there will be a place in jail for me."

Planned by city and county crime prevention

groups and the Daly City Police as a community forum whereby residents could quiz authorities about the juvenile justice system, the meeting from the outset was steered by frustrated citizens into a gripe session punctuated by shouts and accusations.

The nine-member panel, including Juvenile Court Judge Frank Rose, District Attorney Keith Sorenson, and Director of Juvenile Probation Willard Oates,

listened attentively for two hours as speakers told of crime committed against them and pleaded for more protection.

One man told the panel, "Two men, one over 21 (years) and the other claiming to be under that age tried to kill my son by putting a knife in his stomach. My son got away and we called police, they arrested the two men and

See Crowd, Page 2

## City Attorney Will Act

## Moose Lodge Noise Charges

The city attorney of Daly City says he will take court action shortly to quiet down

a local Moose lodge's weekend parties.

Albert Polonsky said at Monday's City Council meeting that he is preparing to seek a restraining order in Superior Court because of neighbors' complaints about the Loyal Order of the Moose Lodge at 7535 Mission St.

Polonsky said such an action would be more effective than filing criminal charges. If the Moose were to continue creating an alleged nuisance in defiance of the injunction, they would be in contempt of court, he said.

Several neighbors of the lodge angrily complained about both the lodge members and those who rent the

building for weekend parties.

Neighbors said that over the last three years they have called the police 15 to 20 times about the noise, but as soon as the officers leave, the noise starts again.

"We can't get any sleep Friday and Saturday nights," said Cecilia Meek. "It goes on until 2 a.m." She said party-goers turn amplifiers too loud, fight in the parking lot, and spin their cars' wheels and blow the horns early in the morning.

City Manager David Rowe said the lodge currently is expanding its building and using sound-deadening materials, which should cut down on the noise coming from indoors.

## Barthuli Hearing By JESD

The Jefferson Elementary School District Board has set a hearing in executive session for 7 p.m. April 21 with former assistant superintendent for business Roger Barthuli in case "the worst happens" and they have to give the fired administrator back pay.

The board is appealing to the State Supreme Court a decision by the Court of Appeals that said they should have given Barthuli a hearing and list of charges before they dismissed him. Barthuli was fired July 11, 1973, for alleged breach of contract.

Both the superior court and the court of appeals have said that there was sufficient cause to rescind Barthuli's four-year contract. But the court of appeals said the district should have given him a hearing and a list of charges before he was dismissed.

Now the district is backtracking, just in case the superior court agrees that it must grant Barthuli back pay, according to their lawyer William R. Johnston of Oakland.

Barthuli's contract runs until June. The district wants to make sure that, if it has to pay, the period be as short as possible. At the worst, Johnston said, the new hearing would put the limit at July 11, 1973, through April 21.

The problem arose because the court of appeals did not spell out the length of time for which Barthuli's pay should have been continued. It is possible that it is only through March 1974, when the superior court made its judgment, among other dates in the various court appeals, Johnston said.

## Clean Up Week Plans Are Made

The week of April 24 through May 2 has been designated "Clean-Up Week" by the City of Daly City and the Scavenger Company in Daly City. The refuse disposal area will be open from 7 a.m. to 4 p.m. daily for the free use of all residents.

The refuse area is located on the coast near Mussel Rock, at the southern-most end of Skyline Drive.

The Daly City Scavenger Company asks that residents dump the trash in the designated area. An attendant will be on duty to direct the residents to the proper site. Proof of residency will be required.

The past few years were the biggest years yet for the annual campaign aimed at eliminating fire hazards in and around homes and for generally sprucing up the city.

Vehicles of all shapes and sizes pulled into the oceanside dumping ground, depositing tons of refuse.

## DC Council Chided Over Rehabilitation Funding

The City Council of Daly City was chided Monday for allegedly taking decisions about how to spend federal home rehabilitation money out of the homeowners' hands and giving too much power to technical experts.

Conrad Pavellas said he thought the council should get started now appointing members to a Rehabilitation Advisory Committee instead of waiting for City Manager David Rowe to prepare a list of ground rules.

But the majority of the council said it approves of letting Rowe work out the direction for the committee

before it is formed, since the questions they will be deciding require knowledge of the law and banking rules.

The money will be available under the federal Community Housing Development Act of 1974. About 600 homes in Daly City could fall into the classification, making them available for low-interest loans for home improvements.

Pavellas said the residents of Census Tracts 007 and 004 (Original Daly City and Crocker tracts) who would benefit by the program have selected two persons from each area who they would like to see

on the committee. They are Sylvester Buria and Ernest Pezzola (007) and Del Schembri and Harold Calder (004).

He said if persons the community trusts are on the committee, the program will get a better reception.

"We want to be able to have an input before the staff decides everything," Pavellas said. "We feel that the committee itself will select the ground rules. It seems logical that the committee could work with city experts."

The council had earlier talked about naming five

See COUNCIL, Page 2

## JESD to Hire Part-time Reading/Math Teacher

Despite strong opposition from Supt. Herbert J. Hemington, the Jefferson Elementary School District board approved hiring a part-time teacher for Colma Elementary School Wednesday night.

The teacher will help certain students with reading and math for the remaining eight weeks of the school year.

Board members heard Colma sixth grade teacher

Don Lowrey say, "We need help immediately. When Vista Grande School closed, it gave us a lot of students who have special needs. They are atrocious in their reading skills."

Lowrey added that only half of his class could read at the sixth grade level.

Hemington opposed the board's unanimous decision mainly on the grounds that there were insufficient students to justify it.

"The problem exists in many other places. In the interest of fiscal responsibility and sound planning I cannot see how the board can grant this request."

"We could have 18 other schools asking for additional help. We have to try and come up with a reasonable plan that will fit the total picture," Hemington said.

Colma Parent Teacher Association President Arlene Pleich pleaded for help for the sixth graders.

"They don't have reading skills. They're going to intermediate level next year and won't make it. We have a legitimate reason for help now although something should have been done in September. It's your problem — you created it and you have to do something about it," she told the trustees and administrators.

Hemington said that the answer wasn't always having another teacher.

"We're not going to solve the problem in two months. Let's not take a Bandaid and throw it on and hope everyone will be happy. Having another program when you have a problem is not the answer," he said.

Hemington asked district consultant Gene Hood if funds were available for a part-time teacher. Hood said the district could afford part-time teachers for all the schools.

But Hemington said, he thought guidelines should be established as well.

# Palace

—From Page 1

Charmin" (from the toilet paper commercial) — had never been sheared before the weigh-in because her wool had been thin, he said. She weighed in just at the bottom of her 90-110-pound class.

Once the weighing-in was over, he was free to shear her. He sprayed water on her wool — which is thicker and whiter than the thickest, whitest carpet ever to cover a floor — and carded it with a special comb. Then he carefully clipped it as smooth as a puff of cotton candy.

For the auction, he plans to paint two big stars and "1776" on her side.

Scott proudly shows off the same kind of "brag book" a grandma keeps — but Scott shows his other animals, including a steer he showed last year. Scott watches a lot of TV. The steer was "Captain Kirk," the corral "The Enterprise."

The youngsters who have already raised livestock which was later slaughtered know that parting can be pretty sweet sorrow.

"I used to feel bad about it," said Lawrence Coelho, 15, of Tulare. "But then you look at the money you take down. I usually make about \$200 per steer, but here I don't think I'll make that much."

Animals stood still for a lot of pre-judging primping. They were showered, blow-dried with a vacuum cleaner, combed and curled. Nine-year-old Nancy Kovalik of San Jose painted her Suffolk lamb Powderpuff's feet with black shoe polish.

"I hear they're not judg-

## JUNIOR GRAND NATIONAL

ing this year on curly hair," said Kelley Newfield, 15, of Healdsburg, as she combed her steer's coarse coat. "But I like her hair to curl up." The steer stuck his head forward and lowered mournfully.

# Crowd

—From Page 1

years to do something about it," he said. "I think Pacifica has been a little derelict in discharging the duties they're charged with."

"I think it was only fair and proper that we consider ourselves first."

But Schumacher said the laugh may be on Daly City a year from now if the two cities don't cooperate.

"What are we going to do dump for a year and then Pacifica will say, 'now the shoe is on the other foot?'" What are we going to do if it closes?"

City Manager David Rowe said, however, that Daly City at least will be able to continue dumping at Mussel Rock for one to three years.

"We don't expect any short term necessity to discontinue the dump," he said.

Mayor Anthony Gaimmona said he thinks Daly City has been cooperative with Pacifica on the dump-site issue. He — and all the other council members — agreed that if the report says the dump will accommodate both cities' solid waste, then Pacifica can continue to use it.

In other action, the board called a public hearing for May 10 to consider a rate increase request from the Daly City Scavenger Company. Al Sereni, president of the company, said it has lost about \$4,000 a month this year.

The council also hired the firm of Williams and Moline to revise the General Plan. The council said of the nine firms that sub-

mitted applications, Williams and Moline was chosen because it stressed the need for citizen participation.

both of them are now out on parole."

"It's a disgrace," another man yelled from the audience.

"How many times must juveniles be caught before they are locked up?" asked another.

Oakes replied: "If a youngster is involved in the program of rehabilitation the objective is to turn that person away from crime and re-integrate that per-

son into society — there are those juveniles who fail and there are those who respond."

"Now," continued Oates, "we can, through change of legislation, lock up offenders for the rest of their lives. But I think if you reflect on that for a moment you'll see that it is ludicrous. We have to find a program, at the least cost to the taxpayers, that will rehabilitate effectively."

## Taxpayer 'revolution' Seen

A "revolution" by taxpayers was predicted April 13 by San Mateo County Supervisor James V. Fitzgerald if the state continues to mandate programs without financing them.

Fitzgerald made his comment as the board discussed County Manager M. D. Tarshes' gloomy report that indicates county taxpayers may be hit with an additional \$10 million in property taxes this coming fiscal year.

"This is very disturbing," Fitzgerald stated. "It is the policy of the board to cut back where we can. We have to determine the level of service we want to provide."

Noting that Tarshes attributed part of the county's anticipated financial plight to declining state and federal contributions to mandated programs, Fitzgerald charged that "the state is mandating the programs and transferring the costs to local taxpayers."

There will be a revolution, they won't stand for it, the supervisor asserted.

Supervisor Jean Fassler

### House Plants Course Ready At Skyline

A six-week course on house plants will begin April 19 at 7 p.m. at Skyline College, Room 1111, Bldg. 1, under the auspices of the Community Service Office.

Teaching the course will be Steve Tollefson, landscape designer and horticultural consultant, whose articles on houseplants have appeared in California Garden Magazine and in newspapers.

Through lectures, demonstrations and slide presentations, class members will be shown how to deal with light, temperature, humidity and other conditions conducive to growth.

They will handle and learn to identify many species. Pest control will also be covered.

Course reservation forms are on Community Service brochures available from libraries in north San Mateo county. Those interested may also register at the Main Theater Box Office on campus weekdays from 10 a.m. to 2 p.m.

### Board OKs Wage Pacts

Memorandums of agreement with four employee organizations representing nearly 600 county employees were approved Tuesday by the San Mateo County Board of Supervisors.

As with other groups, the two-year agreements call for seven per cent salary increases retroactive to Jan. 1, with cost of living increments next August and in February and August of 1977.

The groups for which agreements were approved are the Licensed Vocation Nurses, the American Union of Physicians, Registered Nurses, and the Probation and Detention Association.

inquired as to why the county doesn't just delete the federal-state partnership instead of picking up the financing.

This could pose difficult problems, Tarshes replied. He cited an example of a 15 per cent reduction in state aid to the county's drug program.

There is a question if you want to continue at the same level," he said.

There are various degrees of mandates, the manager stated.

Mrs. Fassler asked that Tarshes submit with the

proposed 1976-77 county budget a list of programs which can be cut, the rationale for cutting or continuing programs and the effect of each.

Larry Armstrong, executive officer for the Governmental Research Council, predicted a "pending real disaster" in county finances if the increase in assessed valuation this year is the 2.7 per cent figure his organization forecasts, rather than the 10 per cent increase cited by Tarshes.

"All people must partici-

pate in discussion of service levels," Armstrong told the board. "It's not going to be an easy year. There are going to have to be some hard line decisions and net reductions in level of service."

Tarshes, too, observed that the "board is going to be faced with a great many difficult program decisions."

"I know your concerns, and I share them," the manager said. "A great deal of the situation has nothing to do with county operations."

## Help Wanted

The Volunteer Bureau-Voluntary Action Center of San Mateo has received requests for volunteers from the following local agencies:

**NATIONAL COUNCIL ON ALCOHOLISM** — Persons willing to lend a sympathetic ear by answering telephones and making appointments. Training is provided.

**SPECIAL OLYMPICS** — Volunteers to act as "friends for the day" to youngsters participating in the Special Olympics. A multitude of tasks need to be filled.

**PENINSULA HALFWAY HOUSE** — Persons with background and/or experience in business to make contact with various organizations and companies. The purpose is to help develop new jobs for men just out of prison.

**VOLUNTEERS IN PROBATION** — General clerical workers to assist in the probation department in the afternoon or evening on Tuesdays or Thursdays.

**PENINSULA HIGH SCHOOL** — Nursery school assistants to work on Thursdays from 9 a.m. to 2 p.m. Hours are flexible.

**COYOTE POINT MUSEUM** — Volunteers to help at the "tour scheduling" desk doing light telephone and paper work. Hours are 1 to 3 p.m.

Additional information about these and other jobs may be obtained by contacting the Volunteer Bureau at 119 Primrose Road, Burlingame. It is open Monday through Friday from 9 a.m. to 5 p.m.

A project of the Assistance League of San Mateo County, the bureau shares in the United Way of the Bay Area and is funded in part by the County of San Mateo.

# Fort's Attitude Toward Suicide

By DAN COOK

In yet another controversial move, Dr. Joel Fort, who made headlines with his sensational testimony in the recent bank robbery trial of newspaper heiress Patricia Hearst, has advocated the encouragement of suicide in specific cases.

Fort's views were made public Friday night at the annual dinner meeting of the Suicide Prevention Center of San Mateo County at the Sheraton Inn in Burlingame.

Some 400 community leaders, suicide prevention

volunteers and governmental leaders heard Fort advocate his position.

There are some people who should be encouraged to commit suicide," Fort stated, "including the terminally ill, and homicidal people, to the extent that some theories of why people murder are correct, we should learn to turn that inward."

Fort startled his audience when he included in this category "very evil people." He did not elaborate.

"Suicide is a chronic

problem and a preventable one," Fort said. "The usual way of talking about the right to die generally forces people to take up a highly polarized position."

There are several schools of thought," Fort added. "In one instance, people will lock the potential suicide up and throw away the key, other will advocate doing nothing or will actually provide him with the implements of suicide."

"People have the right to die, but we have the right to try to help — we don't

have the right to imprison them to keep them from doing so."

They (a potential suicide) don't have to accept the help, but it is there," Fort stated.

Fort said it is important to be aware of the social condition of the victims of crimes, for there are victims in both crimes and suicides.

"In suicide, there are also victims, and the greatest social impact is on the immediate family, although the suicide himself is both victim and sus-

pect," Fort said. "The impact is also on friends, and on society, which loses a person who can contribute to that society."

Fort called for strict laws pertaining to gun control, and the prescription of sedative, hypnotic and trance-inducing drugs.

The health and social problems specialist expressed concern that the approach to suicide prevention often takes the path of treating the symptoms instead of the roots.

"That's a Band-Aid approach, for the number of people who are thinking of and committing suicide is growing."

"We must look at the causes," Fort declared. "Why did 30,000 people kill themselves last year, 300,000 attempt suicide, and a million others do the same thing by smoking, drinking, working too hard, drive while drinking or recklessly?"

The doctor said that all of us have deep frustrations about our lives, and that a part of suicide and crime prevention involves looking at the roots of the problem as well as getting help to those who would kill themselves.

"We should avoid labeling people — if someone wants to kill himself, you cannot help him by labeling him 'sick'," Fort said. "It doesn't help, and often harms, to call him names."

"Finally, I recommend that we embrace values of ethics and compassion to replace our national negativism, with constructive social change involving personnel commitment."

"Lastly, we need to learn to love deeply and hate selectively," Fort concluded.

Dr. Jerome Motto, a past president of the International Association of Suicidology and professor of psychiatry at the University of California Medical Center, also saw an increasing trend in suicides.

Motto gave a differing view of the problem of the growing trend, and classed the concept as having four separate questions.

• To what extent do people have the right to kill themselves? Motto said that socially, there is little question that persons have the right to kill themselves. Ethically, the problem is a little tougher.

• To what extent does society have the right to prevent suicide? Motto said the crux of the matter depends on whether a person has the unqualified right to kill himself, which he himself denies, and listed a number of criteria he uses in determining whether a potential suicide should be involuntarily restrained from committing the act.

• Is the trend toward greater acceptance of suicide? Motto feels that current social forces are unquestionably incorporating the concept of self-determined death into our social framework.

• If the above is correct, how does it look to someone in the field of suicide prevention? The doctor said the trend is both inevitable and desirable, for it minimizes the stigma associated with suicide, allows time for the study of alternatives and permits arrangements for a dignified demise.

"The phenomenon of suicide is applicable to just a small segment of our society," Motto said. "Suicide is not THE coming way to go — but A way."

## IN AIR FORCE

#### DECORATING

Rosalie Yerby, Lou McGrath and Carolyn Dobervich of the Peninsula Humane Society nail up some clay plaques stamped with nature prints at the society, part of a decorating effort for a new building. Students from several North County schools contributed to the beautification project.

## Southwood Newspaper Schumacher Campaign Wins Journalism Prize Plans Benefit Party

Southwood Junior High School's paper, "The Brave," has once again been rated first class or excellent by the National Scholastic Press Association Press Minneapolis, Minn. in the 92nd All American Newspaper Critical Service, according to W. J. Maher, adviser. This rating was for the first semester of this school year.

The First Class rating is the highest rating a paper can achieve on scorebook points alone. With a total of 3,165 points, this year the staff of The Brave received the highest number of points in the history of the school. The rating indicates an excellent publication, indicative of sound journalism and high standards.

In his evaluation, the judge stated that the paper made quite good use of new sources for a school publication. Mr. Pinkerton also complimented the staff for allowing the paper to be a significant voice for the

students and that the editorials dealt with real school problems.

The Brave was also judged to be a very good-looking paper. Mr. Pinkerton stated the paper's bright, newsy appearance invites reader interest and had a distinct personality created through consistency in headline style, use of boxes and column widths.

Lastly, Mr. Pinkerton stated that although the paper lacked photography, the staff did an effective art job with cartoons and special effects in the paper.

The Brave was analyzed and rated in comparison with publications produced in schools of approximately the same enrollment, by similar printing method and with similar frequency of issue. The rating shows how the paper compares with other school papers in its classification throughout the United States.

The National Scholastic Press Association was founded in 1921 at the University of Minnesota. School of Journalism. It is the oldest scholastic journalism association in the United States. During the past year, more than 2,000 publications were evaluated by the judges.

### Author To Speak

Collin Wilcox, a writer of detective stories, will present a book review for the Friends of the Daly City Library April 22 at 10 a.m. at the Westlake Library.

Mrs. Albert Teglia, president, invites the public to attend. The Friends' book review series, one of the oldest in continuous existence in the state, are presented free of charge as a community service.

Wilcox sold his first story, "The Black Door," to Dodd Mead publishers in 1967 at the age of 40. At that time he was running a small retail store.

In 1975 three of Wilcox books were published: "Aftershock," "The Faceless Man," and "The Third Victim."

A number of the Wilcox books, written in the first person, center about middle-aged Lt. Frank Hastings, a fictional San Francisco homicide detective. Another Lt. Hastings story, "Doctor-Lawyer," will be published this year.

Mrs. Wayne Jarvis, hospitality chairman, will hostess a coffee hour preceding the program. Elyn Canada will assist. A no-host luncheon honoring Wilcox will be held at the Golden Coach Restaurant, Fairmont, Pacifica. Reservations will be accepted at the review.

Tickets are now on sale for the "Bill Schumacher for State Senate Campaign Party," according to Sheryn Smith and Robin Sousa, organizers of the event.

The party is scheduled for 8 p.m. April 24 at Temple Beth Israel, 625 Brotherhood Way, San Francisco.

Proceeds from ticket sales will benefit the candidacy for the Sixth District Senate seat of attorney and

Daly City Councilman, Bill Schumacher, in the May 11 special election.

Donations for tickets are \$7.50 per person. The program includes hors d'oeuvres, no-host cocktails, and live music.

Anyone who wishes to buy or sell tickets should contact Robin Sousa at 755-9720, or write to Schumacher for State Senate, 375 So. Mayfair Ave., Daly City 94015.

### Games, Pet Show Planned for Kids

Daly City youngsters may participate in a variety of recreation activities on playgrounds this week. The programs, sponsored by the Daly City Recreation Department will feature fun Game Days, Pet Shows, Tournament Days, and exciting trips.

Game Day will be held at George Washington School from 11 a.m. to 3 p.m. April 14 and Daniel

Webster School on April 15. Activities will include softball and basketball tournaments, sack races, relays, pie eating, tug-of-wars and many more thrilling games.

A giant Bar-be-que will be held at each location. All are welcome and there is no age limit. Bus transportation will be available from all playgrounds and parks.

"Anything Goes" Pet Shows will highlight local playground programs. Children may bring their favorite pet — large or small; crawling, walking or flying. Youngsters should check with local playground for date and time of the show.

Tournament Days and Excursions will round out the week. Details of all trips and events may be obtained from local playground leaders at the following schools and parks: George Washington, Robertson, Panorama, D. Webster, M. P. Brown, Vista Mar, F. D. Roosevelt, Skyline and Colma (parks) Lincoln, Marchbanks, Westlake, Gellert and Westmoor.

Playground hours are 10 a.m. to 4 p.m. Monday through Saturday except Friday when the hours are 10 a.m. to noon.

### Joint Chamber Decision

A joint communique was issued recently by spokesmen of the Daly City Chamber of Commerce and the Daly City Mission Merchants.

Chamber President James Howe Jr. and Mission Merchants President George Smith reported that the two groups had met in executive session to discuss the proposed move of the Chamber of Commerce to the Civic Center area.

After much discussion, it was decided that the move would be in the best interest of all of Daly City.

## English Tree-Chopping Laws Made Men 'Fighting Mad'

By SAMUEL C. CHANDLER

Everyone's history of the United States notes that taxes on tea and stamps sent the colonials to arms, but few histories report that it was English laws regarding American trees that made many men fighting mad.

The law reserved for the king's ships the tall, straight pines of America. The law forbade the colonials from cutting white pines that were more than 12 inches

in diameter and empowered the king's ministers to seize the proceeds of lumber cut from large trees.

Because of such laws, trees became symbol of the revolution. The white pine appeared on the Bunker Hill flag and on the flag of Washington's fleet.

Elm trees that resembled a beloved tree that was destroyed in Boston were called liberty trees and depicted on flags that bore such slogans as "Don't Tread On Me" and "Appeal To God."

After the Revolution, Gov. John Hancock rewarded a company of black soldiers by presenting them with their emblem, the green pine, depicted on a banner known as "Bucks of America."

The story of America's love for trees is told in several articles that are found in the March issue of "American Forests."

Here Professor Clarence E. Lewis of Michigan State University shows that "America's trees have a fascinating history that dates back to the first expeditions of Spanish conquistadors to Florida and French explorers to the St. Lawrence River area."

According to the professor, peach trees were the first species to be planted by a white man in America. Apple trees came next with pear, quince, cherry and plum following.

"American Forests" is a publication of the American Forestry Association which is in its 100th year of service.

Besides the conservation of trees and forests this group devotes its attention to the ecology of soil, water, wildlife and outdoor recreation. It is an independent, non-political organization that seeks "to promote an

enlightened appreciation of natural resources and the part they play in the social, recreational and economic life of the nation."

"AMERICAN FORESTS" is a joy to read. The articles therein are well written and accompanied by some of the most delightful photography and illustrations that this observer has ever seen.

For books about trees — "A Natural History of Western Trees" by Donald Culross Peattie is recognized as a classic. It is a big book by an author who believed that historians have been so absorbed in political and economic events, they had neglected to record the role of trees in American history.

Peattie's descriptions of California's sequoias and coast redwoods should be mandatory reading for all residents of our state. His recording of the activities of the "Save-The-Redwoods-League" is touching and causes one to think of his part in saving the "splendid giants."

"Trees" by James Underwood Crockett and the editors of Time-Life Books is a lovely and useful book that contains colored photographs and illustrations to accompany the text.

N. A. BOWER's "Cone-Bearing Trees" was written as part of a project that was funded by the Laboratory of Tree Research, the University of Arizona and the National Science Foundation. Although it is 20 years old, it remains an important book as well as a volume of good reading.

For Westlake residents there's a book that should be read, "The Natural History of Palms" by E. J. H. Corner. The author writes, "Of all land plants, the palm is the most distinguished." So there, you Westlakers.

#### Schooled

Private Jose B. Domingo Jr., 19, whose parents live at 1178 Manzanita Drive, Pacifica, completed a seven-week linemen course at the Army Signal School at Ft. Gordon, Ga. March 11.

He was trained to install and maintain field wire,

open wire and cable communications systems.

Pvt. Domingo entered the Army in 1975 and completed basic training at Ft. Gordon, Ga. He is a 1975 graduate of Terra Nova High School.

## WRITER HONORED

Lisa Kroeber shows off an award she was presented last week by the Abraham Lincoln School for a book she wrote, "A Life of Their Own." The book is about modern Indian life in Guatemala. A teacher at the school, she was also honored by the New York Academy of science, which encourages the publishing of high quality children's science books.

## Brisbane Chief Trains With FBI

Elmer A. Martini, Chief of the Brisbane Police Department, is one of 250 law enforcement officers who recently started an 11-week training session at the FBI National Academy in Quantico, Va.

Officers in the class come from all of the 50 states, the U.S. Virgin Islands, Puerto Rico, and the District of Columbia, as well as six foreign countries.

In addition, the United States Army, United States

Air Force, United States Marine Corps, and four federal law enforcement agencies will be represented by officers in the class.

FBI Director Clarence M. Kelley advised that the training session will include courses of instruction in police-community relations, education and communications arts, police management, forensic sciences, police ethics, legal matters, the behavioral sciences, firearms, and physical training.

## Nell Norton

Good morning, good cooks. Easter would be a perfect time to try either of these delightful desserts. Both are light and rich and their cool colors are particularly suited for a springtime treat.

As you can see, this lime pie is the easiest pie you will ever make, but when your guests see and taste it, they will think you have spent much time and effort on such a dreamy dessert.

## LIME PIE

- 1 can sweetened condensed milk
- 1/2 cup fresh lime juice
- 1 can (10 oz.) crushed pineapple, well drained
- Few drops green food coloring
- 1/2 pint whipping cream
- Grated chocolate for decoration.

Combine the condensed milk and lime juice. Blend in the pineapple. Add a few drops of green food coloring and pour into a baked pie shell and chill for three hours. Top with whipped cream and grate chocolate over top.

Note: Be cautious with the green food coloring. Add a drop, mix and add more if needed, remember you want a light, springy shade of green.

These Holiday Squares were winners in a bake-off and when you taste them you will know why. The mixing and fixing is an easy matter, too.

## EASY-TIME HOLIDAY SQUARES

- 1 1/2 cups sugar
- 1 cup butter
- 4 eggs
- 2 cups flour, sifted
- 1 tsp. lemon extract or juice
- 1 can cherry pie filling
- Confectioners' sugar

Gradually add the sugar to the butter in a large mixing bowl. Cream the butter and add the sugar a fourth cup at a time, creaming at medium speed until light and fluffy.

At medium speed add the eggs, one at a time, beating well after each. At low speed, add the flour and lemon juice or extract.

Pour batter into well-greased 15x10x1-inch jelly roll pan. Mark off into 20 squares. Place one heaping tablespoon cherry pie filling in center of each square.

Bake in 350-degree oven 50 minutes. While warm, sift confectioners' sugar over cake. Cool. Cut into squares.

The Coyote Point Museum is presenting a varied spring class schedule for children and adults, beginning Tuesday and continuing into June.

A workshop where participants will build an owl or bird kite of colorful rice paper and bamboo is scheduled for Tuesday. Kite making will start at 9:30 a.m. and kite flying is planned for the afternoon.

An avian bon voyage party, to take a last look at the shorebirds before they go north for the breeding season, is scheduled between 9 a.m. and noon on Thursday at Coyote Point. His Easter Week activity has been planned for the entire family.

Children in grades 3 and up are being offered an opportunity to learn more about pets and will be able to pick a pet to take home for a week when "Pick a Pet" meets on April 22 and 29 from 4 to 5 p.m.

"Natives in Your Garden?" is the title of a class designed for the gardener who is considering native plants for his garden. Mrs. Hillyer Brown will share her knowledge on the needs of native plants, their use as ornamental landscape subjects and as an attractive source of food for birds. The class will take place on May 3 at 9:30 a.m.; a field trip to a native plant nursery is planned for May 10.

An exploration of the night sky will be featured on May 7, starting at 7:30 p.m. Telescopes will be set up for in-depth viewing and

a slide program will permit a peak into far space.

A photo safari through the San Francisco Watershed is planned for May 8. The group will reassemble on May 22 to see the results. Participants are to furnish their own cameras.

A special class on the

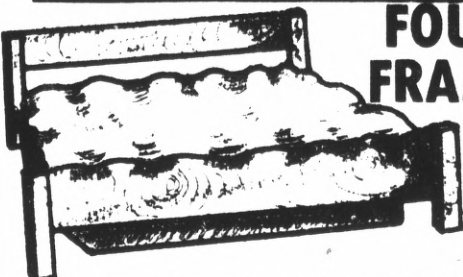

care and feeding of backyard birds is scheduled for May 17 between 1:30 and 3:30 p.m. Several types of feeders will be built and participants will learn to prepare such foods as suet cakes and bird corn bread.

Children in grades 1 and 2 are being invited to an indoor-outdoor class built around natural happenings

in the spring season — baby animals, showy flowers, busy insects and interesting sounds and smells. The class will take place on Fridays from April 23 through May 21 and will run from 3:30 to 4:30 p.m.

Details about any of the classes can be obtained from the museum.

## County Predicts Phone Savings

Upgrading San Mateo County's telephone service to its South San Francisco offices at a savings of \$6,976 a year was approved this week by the Board of Supervisors.

Acting on a recom-

mendation by Henry P. Tarratt, director of building construction and general services, the board authorized the conversion of the present manually operated switchboard to a Centrex operation which

will provide for direct dialing to individual county offices.

Although the Centrex operation will cost \$11,424 a year more than the manual equipment it will replace, it will permit the discontinuance of one full time and one part time operator positions at a saving of \$22,000. Upgrading of three existing operator positions to senior operator would add \$3,600 a year to the costs, making the net saving nearly \$7,000.

The board deferred until discussion of the 1976-77 county budget a decision on whether to provide toll-free telephone service to the County Government Center at Redwood City from the North County and whether to increase the number of trunks between Redwood City and San Mateo and between San Mateo and South San Francisco at an estimated annual cost of \$46,024.

## Dieting Workshop Slated

The Diet Workshop announces that it will hold free Open Houses at various local locations according to Elise Gendar, area director for the organization.

April 19 an open house will be held at the Mental Health Center, 45 Southgate, Daly City at 7:30 p.m. April 20 one will be held at Mater Dolorosa Church, 307 Willow, in South San Francisco at 7:30 p.m.

Information about the open house may be obtained by contacting the Diet Workshop at 2533 Taraval St. San Francisco or by calling 965-TRIM.

## Paintings Displayed

A full color line drawing depicting Revolutionary patriot, Nancy Hart, capturing a squad of British soldiers single-handedly is one of 12 works of art on exhibit at the Daly City office of Home Savings and Loan Association, 2800 Junipero Serra Blvd., through May 1.

These original works of art were commissioned by Home Savings as a special salute to the Bicentennial, and were created by three well-known artists: Neil Boyle, Mizue Ono Hamilton and Robert David Smith.

# Man Ends Four Years as Alumni President

Daly City's Frank Galo will end four years as president of the Balboa High School alumni next week.

Louanne Heath

School alumni next week with a "state of the alumni" address delivered to the annual general meeting.

The meeting will be held in the Little Theater Building at Balboa High School April 22 at 7:30 p.m. Elections will be held and the Emily Powell Sumrall award will be made to the person giving outstanding service to the alumni.

In addition to the annual meeting, an important reunion is coming up April 24 when the class of 1955 will hold their reunion in the South San Francisco Elk's Club. Marlienne McMillan is in charge of dispersing information and accepting calls for reservations.

SOME OF THE BUSIEST

things to make life better for those around them.

Such a lady is Olga Canada. In addition to being book review chairman of the Friends of the Daly City Library, she works with librarian John Sullivan in the library's Outreach Program reading to patients at the St. Francis Pavilion. She also conducts book reviews and shows silent movies to help liven the hours of those who are restricted to a hospital regime.

April 22 she will introduce Collin Wilcox, author of detective stories, as the guest speaker for the 10 a.m. meeting of the Friends of the Library. This gathering is to be held in the Coral Room of the Westlake branch of the

library, beginning at 10 a.m.

Ruth Harvis and her committee will serve coffee prior to the meeting and a no-host luncheon will follow the talk. Wilcox will be the guest of honor at the luncheon in the Gold Coach Restaurant, in the Fairmont section of Pacifica.

MICHAEL MILLANE has announced that a fine crew of volunteers has signed up to assist him with the annual spring festival at Our Lady of Mercy Catholic Church.

Millane, the general chairman of "Stars Spangled Days" which debuts April 29 and runs until May 2, reports that Harry Kane and George Snell and Sheldon Lendall, and dime-pitch overseers will be Ed LeBlanc and Bob Hulsmann. Ruben Fuhrman and William Mahoney will tend the money tree. Dick Mudge and Frank McCann will keep the gates at the horse race and Frank Byrne and Andy Skirra are the hook and line men at the fish counter.

Rich Hutchinson and John Hughes. Bill Miller, Moe Bragg and Bill Ahern will run the pan game.

Refreshments are the concern of John Kachur, George Snell and Sheldon Lendall, and dime-pitch overseers will be Ed LeBlanc and Bob Hulsmann. Ruben Fuhrman and William Mahoney will tend the money tree. Dick Mudge and Frank McCann will keep the gates at the horse race and Frank Byrne and Andy Skirra are the hook and line men at the fish counter.

Frank Lawson and Dino Dinotti will be in charge of the gaming tables and A. J. Phillips is co-hosting the dinner. Decorations are under the supervision of Ed Cuevas and Al Modena.

PHILLIPS AND MRS. JULIAN Fernando are eager to let everyone know that dinner reservations are already being accepted and arrangements made for take-out orders.

Meals will be served in the parish hall May 1 between 4 and 7 p.m. The cost will be \$2 for adults and \$1 for children. Take-out dinners will be available to those who make special arrangements now.

Call Mrs. Fernando or Mrs. Frank Kelechava for information or tickets.

THE PACIFICA FIFTY Plus Club is preparing plans to take advantage of the Senior's Day offer being extended by Marine World on May 5.

The special offer prov-

ides persons over 65 with admittance and luncheon for \$5.35. The Pacifica group will charter a bus and all those going with the group will have the admis-

sion, luncheon and transportation for a grand total of \$8.75. Contact Mrs. Elizabeth Funderburg for reservations or more information.

Introducing the new  
**Polaroid Pronto**  
at this terrific price.  
**Only 59.99.**

Polaroid Pronto, the new little camera that uses SX-70 film, but costs a lot less than an SX-70 camera. Ejects self-developing pictures. Has bright, optical viewfinder that helps you frame the picture accurately. Plastic 3-element lens focuses from 3 feet to infinity. "Pronto" is small and light—only 16 oz.

JCPenney advertising policy: If for some unforeseen reason an advertised item is not in our store, we will either make the merchandise available to you at a later date or at our option offer you an equal or better item at the advertised price. Those advertised items designated with limited quantities are available only while our quantities last on a first come, first served basis.

For 3 days we're reducing our  
everyday low prices even further.

Now 74.95

Polaroid SX-70 model 3 camera features black plastic finish trimmed in brown leather-like Porvair. Set the distance, press a button and a beautiful picture develops itself before your eyes.

Now 18.88

Polaroid Super Shooter Camera uses six different types of Polaroid film. Insert the film pack and the viewfinder automatically adjusts to the film format. Has electric eye, electronic shutter.

Polaroid Electric Zip camera Now 15.88.

demonstration in our camera dept. Sat. April 18, from 1 p.m. to 4 p.m.

JCPenney

Don't pass up these savings. Use your JCPenney Charge. And for major purchases, use JCPenney Time Payment Plan.

Available at this JCPenney store: SAN BRUNO, Tanforan Park. Open Monday thru Friday 'til 9 p.m.; Sunday 12 to 5:30 p.m.

## DINING GUIDE for EASTER

For enjoyment in eating out

**BRIGHT LIGHTS**  
BY  
**LOYD JOHNSON**

### Captain Charles Offers 'Big Three'

Unbelievable — Nick Gust does it again! The extensive menu at his Captain Charles restaurant, in Rockaway Beach, Pacifica, covers the many epicurean seafood possibilities. This imaginative restaurateur has added three gourmet dinner specials to the menu that are quality pleasing at a budget price. Scampi and Steak (\$4.50), Lobster Steak Brochette (\$3.95) and Stuffed Turbot and Steak (\$3.95), plus the regular menu, are served five days a week, Wednesday through Sunday. Says Nick Gust, "Compare and you will agree, we know our business."

Murray Lehr will open the doors of his Lehr's Greenhouse restaurant in San Francisco at 9 a.m. Easter Sunday to accommodate the many families who dine after attending church services. Lehr's fabulous Easter Brunch will be served from 9 a.m. to 3 p.m., with a special gourmet Easter dinner menu following from 4 p.m. to 10 p.m.

With spring weather slowly settling in the Sierra, expect another banner year for Barney's Club and the South Tahoe Nugget, in Stateline. When driving to South Lake Tahoe, look for the free Barney's refund package at numerous restaurants and rest stops along Highway 50. This valuable coupon offers a cash refund, dining discounts, and a cocktail offer. When redeeming it at Barney's, you will receive another coupon of equal value for the South Tahoe Nugget. There will be dawn-to-dusk dining (10 a.m. to 11 p.m.) on Easter Sunday at The Fisherman, in Burlingame. Traditional Easter feasts plus the regular menu will be featured. Another big feature here is Zella Lehr, a 24-year-old voluptuous singer who has been in show business for 18 of her 24 years.

### Easter Buffet Royal Affair at Dunfey's

A festive buffet will be offered on Easter Sunday from 11 a.m. to 8 p.m. in the Coach and Horses dining room of Dunfey's Royal Coach Motor Hotel, in San Mateo. Holiday entrees will include Roast Baron of Beef, Turkey, Spring Lamb and Baked Ham. Mr. Pickwick Coffee Shop will open at 6:30 a.m. to serve early breakfast seekers. The Tri-Sounds, currently appearing Tuesday through Saturday from 9 p.m. at the Bayhill Lounge, San Bruno, has a repertoire of over 300 songs. The group, together for 15 years, plays selections according to the mood of their crowds. Brunch and dinner will be served at The Castaway, Coyote Point, on Easter Sunday. Brunch will be available from 9 a.m. to 3 p.m., with selections ranging from \$3.50 to \$4.75. Dinner service will begin at 4:30 p.m. Children's menus will also be available. A perfect setting for a family breakfast on Easter morning is the beautiful Pacific Coast area surrounding Nick's, at Rockaway Beach. A special breakfast menu will be featured here, including a Chef's Omelette. Reservations are already coming in. Lunch and dinner will also be served, and the Jimmy Payer group will provide the music in the evening.

General Manager Jack Kuks and the restaurant owners at Tanforan Park's Garden Restaurant complex will be enjoying a day off Easter Sunday. The entire mall, including the Garden Restaurants, will be closed on Easter.

### Prune Pernod Is Flaming Favorite

Phil Lehr has raised the "Funny Fruit" (prunes) to gourmet status in the elegant new Steakery at the lobby entrance to the San Francisco Hilton Tower on Taylor Street. Phil's exclusive Prune Pernod is a delectable flaming dessert relished by gourmets with a sweet tooth.

Scotty Campbell's, a famed Redwood City dinner house, can certainly be described as a Peninsula landmark. This elegant restaurant has hosted thousands of nearby residents as well as travelers from far and near. Celebrities from all walks of life are frequent diners here. Cocktails from 4:30 p.m. serving dinners from 5 to 10:30 p.m. Monday through Thursday, Friday and Saturday till 11 p.m. Open Sunday from 4 to 10 p.m. Besides an extraordinary number of fresh seafood selections, Vince's Italian and Seafood restaurant lists many Italian favorites and even eggs, omelettes and sandwiches on the menu. There's no question about it, the Licatas have succeeded in bringing "Fisherman's Wharf" to the Peninsula. Vince's will not be open on Easter Sunday. The Easter Bunny will be hop, hop, hoppin' over at Rockaway Beach, and Enrico Romano will be serving his regular menu on the Easter Holiday from 4 p.m.

## Delay May Cause Offer Withdrawal

The past president of the San Bruno Park School District Board of Trustees claims that if the City of San Bruno takes much longer to purchase the vacant North Brae School, he will ask the full board to withdraw its sale offer to the city and to lease the school buildings.

"We are losing thousands of dollars waiting for the city to receive federal funds to purchase that property," Trustee Christo Pallas said late this week.

"We could have been making a lot of money renting space in the buildings during a time when we really needed the money," Pallas said, adding, "Both Skyline College and the San Mateo Union High School District have expressed interest in leasing the buildings."

For more than a year the school district has been negotiating with the city on the sale of the elementary school fronting Montgomery Avenue. Pending the sale, the district has not chosen to seek tenants for the empty classrooms.

Federal bureaucratic red tape has repeatedly stalled efforts by the city to consummate a sale agreement, observers note, while the school district is laying off teachers and talking of closing an elementary school because of budget constraints.

Last month, the city advised 36 district employees they would not be re-hired next school year.

"The only real reason we offered North Brae to the city was because there was a feeling that the school belonged to the people of this city and should be used by them," Pallas said.

"But if the city takes much longer to come up with the money, then I think the board is going to have to start considering leasing the classrooms. If handled correctly, the buildings could bring in

some good revenue for the district."

Pallas continued: "We've waited so long for the city to buy the property because we have always had a good relation with the city. But I don't know if we can wait much longer. My first priority is to work for the school kids."

Pallas said that at the April 19 school board meeting he may ask that the administration determine from the city "exactly when they can buy the property."

If it appears that further delays are expected and the board remains committed to selling the property to the city, Pallas said he would ask the board to request that the city "put up a holding fee."

It was learned that any money the district receives from the sale of the school can only be used for capital improvement projects. Interests on the money, however, can be used for other purposes.

For more than a year the City of San Bruno has known it is eligible for about \$350,000 in federal community development funds, but until several months ago it did not know of the extensive federal requirements that would have to be met before the money would be released.

According to city officials, they learned only two months ago that the federal Housing and Urban Development Department mandates the city to make two independent appraisals of the property, then submit the appraisals to the county, which is acting as an agent for HUD, for evaluation.

Bill Dempsey, with the county engineer's office, said Thursday he expects to receive the two appraisals within the next two weeks and explained that it would take him an additional two weeks to complete an evaluation.

#### PUBLIC NOTICE

##### NOTICE TO CONTRACTORS

1. NOTICE IS HEREBY GIVEN that the County of San Mateo will receive sealed bids for  
FIRE EXTINGUISHING SYSTEMS AT VARIOUS SAN MATEO COUNTY BUILDINGS

For The County of San Mateo. Project Nos. A080 003109 and A106 003083

2. Each bid shall be in accordance with drawings, specifications and contract documents prepared therefor now on file with the Director of Building Construction & General Services, County Office Building, 590 Hamilton Street, Redwood City, California.

3. Drawings, specifications and contract documents may be examined and copies obtained at the office of the Director of Building Construction & General Services, 590 Hamilton Street, Redwood City, California, upon deposit of \$10.00 for said documents, which deposit will be forfeited if the Contractor fails to return the drawings and specifications in good condition within ten (10) days of the bid opening date.

4. Bidders are responsible to see that they obtain a complete set of plans, specifications and contract documents covering the work upon which they submit a bid.

5. Bids shall be submitted upon proposal forms furnished and bound in the specifications and in accordance with regulations, as set forth in the General Conditions, and shall be accompanied by a certified or cashier's check or bid bond for ten percent (10%) of the bid as noted in said General Conditions.

6. Bids shall be sealed and filed with the Clerk of the Board of Supervisors of the County of San Mateo at the Hall of Justice and Records, Redwood City, California, on or before the 4th day of May, 1976, at 2:00 p.m. and will be opened in public in the Chambers of said Board of Supervisors at or about 3:00 p.m. of that day in said Hall of Justice and Records.

7. The Board of Supervisors of the County of San Mateo, State of California, reserves the right to reject any and all bids, alternate bids, or unit prices and/or to waive any irregularities in any bid received.

8. No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

9. WAGE RATES: The Board of Supervisors has determined and has published the rates of prevailing wages in the County of San Mateo, in which the work is to be performed, for each craft or type of workman or mechanic needed to perform the contract. Said prevailing rates are set forth on listing, copies of which are set forth in the specifications for the work, in the offices of the Board of Supervisors and Director of Building Construction and General Services. Crafts and rate per hour for each craft or type of workman or mechanic needed to perform this contract are listed under Wage Rates, Instructions to Bidders.

10. The prevailing rates so determined are based on an 8 hour day, 40 hour week, except as otherwise noted. Existing agreements between the Building Trades and the Construction Industry groups relative to overtime, holidays and other special provisions shall be recognized.

11. It shall be mandatory upon the Contractor, and upon any subcontractors under him, to pay not less than the said specific rates to all laborers, workmen or mechanics employed by them in the execution of this contract.

12. A Bond will be required for the faithful performance of the contract in an amount of not less than One Hundred Percent (100%) of the amount of the bid, and a bond will be required to guarantee the payment of wages for services engaged and all bids contracted for materials used in the performance of the contract in an amount of not less than One Hundred Percent (100%) of the Bid.

## Le Pacini

As is usually the case in Charlie Finley dealings, his trade of Reggie Jackson and Ken Holtzman to the Orioles works on two levels. On one level it is definitely a good trade. On the second level, it may be a good trade.

At the personal-business level, Finley came out smelling better than Charlie O. He got rid of two nuisances who were constantly threatening him; Holtzman with retirement, Jackson with holding out.

He also rid himself of two huge salaries, and got off his hands two players out of whom he may have had only a year more of play, anyway. Chances are that neither would have signed a contract this year, which would have made them free agents after this season. In that case, Charlie would have gotten nothing in return for them.

He also perhaps gained a psychological edge over his seven other still unsigned players.

After all, for all of Finley's faults, the West Coast is still a nice place to make a good living, especially when it's with a team that promises to always be a contender. Now to the second level.

Will the trade improve the club? The answer is that it will if the young pitcher, Paul Mitchell, lived up to the potential he established with Baltimore. Torrez, the 20-game winner, is merely taking the place of Holtzman, the 18-game winner.

Aside from the fact that they throw from different directions, there doesn't seem to be much to choose between them. Holtzman is 30, Torrez will become 30 late in the season. Both are strong.

But there could be other considerations. Torrez, a late bloomer, seems to just be reaching his peak, whereas Holtzman, who has been throwing fast balls in the majors since he's 19, may have already peaked. His ERA and numbers of wins have gone down slightly but progressively since 1972.

True, he won 18 games for the A's, but he also lost a lot of games for a division-winning team. Torrez had a much better won-loss record for a weaker team.

Don Baylor isn't as colorful or as well-known as Jackson, but he's four years younger, has also been known to hit a baseball prodigious distances, and has been hailed as a potential superstar by Oriole baseball people for years.

One of his problems is that when he came up, the Orioles were an established and perhaps even great team, so he had a hard time crashing the regular lineup until last season, when he had his best year. Jackson came up when the A's were weak, was given the opportunity to play regularly, and learned while he played. So Jackson has had a better opportunity to exploit his inherent abilities.

Jackson never has been a superstar, certainly not in the mold of Dimaggio or Williams or Musial or Mays or Aaron, etc. His one or two best years would have been just about average years for such genuine superstars.

Ergo, Finley did not trade away a superstar, just a very good baseball player. Don't forget, Baylor out-hit Jackson last year by about 30 percentage points, stole more bases, made half the errors, and hit just 11 fewer homers. Even if he doesn't exceed what he did last year, he will seem to be a player who will play an honest defense, hit .285, 25 homers and steal 30 or more bases.

There are those in baseball who claim that Baylor turned loose has the potential of 50-60 stolen bases. Jackson could never do that.

If Baylor plays first base rather than the outfield, which now seems the case, he is also valuable because he releases Joe Rudi, perhaps baseball's best defensive left-fielder, from first base duties to return to where he belongs. (Of course, it also puts Claudell Washington on defense in right field, which could nullify the good Rudi does in left.)

If Baylor does play the outfield, he'll catch fly balls at least as well as Jackson, and although he doesn't have Jackson's shotgun arm, he will throw out runners who get stupid with him.

That brings us to Mitchell. If he comes through, the A's have finally found someone to at least sort of take the place of Catfish Hunter; that extra starting pitcher they hurt for last year in the playoffs. And Mitchell, only 25, could pay dividends for years. And THAT could give Finley a big edge in the deal.

Some people think Finley is deliberately trying to break up the A's to force the AL into allowing him to move out, or something as devious as that.

I think he may, as indicated earlier, have made the trade as a psychological warning to other recalcitrant members of his club that they are not indispensable, and that he, Finley, isn't afraid to move on them. But it may also be the first shot in a stampede of the trading off of big names as Charlie starts to build again.

Charlie has stripped his considerable bench and farm reserves in the past few years while dealing for experienced players who could help him to pennants, particularly after he lost Hunter.

The best way to rebuild that farm system quickly is by picking up many promising young players in exchange for a relatively few established but aging and troublesome players. Not to mention the exchange of salaries and played-out options.

**SPECIAL MOMENTS IN SPORTS:** (A new feature as it will appear tonight on Ken Dito's "Spotlight on Sports" on San Francisco cable television Channel 6.)

As a group, prize fighters are known in the sports world as the most gentle of all athletes — outside the ring. Ironically, the better known they are, the more often they are challenged by "civilians."

Probably the most challenged of all former fighters has been Jack Dempsey, not only because of his fame, but also because, as a bar owner in New York, he was among the most accessible of former great fighters, simply because most civilian challengers propagate best when planted in alcohol, and because a good percentage of them seem to reside in New York.

Probably the definitive story on fighters being challenged outside the ring involved Dempsey, but for once, it wasn't Dempsey fame that encouraged the challenge.

He was at his bar one night when an obviously polluted citizen who evidently didn't recognize Dempsey, overheard something Jack had said and took some sort of exception to it. He staggered up to Dempsey, stuck his face into Jack's face, and said, "Listen, mister, you know what I'm going to do?"

"No," said Jack, good naturedly playing along.

"Well, I'll tell you, buddy. I'm gonna hit you one right in the mouth."

"I don't think you should do that," said Jack.

"Well, that's just too bad, because I am."

"Suit yourself," said Jack, "but before you hit me, I think I should introduce myself to you."

"Well, you don't have to be so damned formal," slurred the drunk. "And besides, when I'm gonna belt a guy, I don't care for no introductions."

"Well, I just thought I'd tell you that I'm Jack Dempsey."

The drunk didn't flinch an eye muscle, but only stuck his face closer to Dempsey's.

"You know what?" he declared, sneering.

"No, what?" answered Dempsey, bracing himself to ward off his apparently fearless adversary.

Said the drunk, "I don't think I'm gonna hit you."

## NPL Baseball

# EC, SSF Win Again

It's beginning to look more and more like a two-team baseball race in the North Peninsula League. And, predictably, those two teams are El Camino High and South San Francisco.

Both SSF and Camino were victorious again Friday. South City topped host Oceana 6-1 and El Camino edged visiting Half Moon Bay 3-2. Elsewhere, Westmoor upset host Terra Nova 1-0 and Jefferson held off Serramonte 6-3 in eight innings at Marchbank Park.

Terra Nova, an early season leader, has now lost two of its last three games and has fallen a game and a half off the pace.

The Tigers received a strong pitching performance from Gordon Shirley.

who allowed only four hits. However, Westmoor's Frank Colclough pitched just as effectively and picked up the win.

The winning run crossed the plate for Westmoor on an infield error — the only error of the game for either squad.

Bret Lowart and Jud Fisher contributed two hits apiece to the losers' seventh-inning attack.

A pitching duel between El Camino's Bob Humphrey and Half Moon Bay's Nate Burr was settled when the Colt's Tim McGrew singled with the bases loaded in the bottom of the seventh to break open a 2-2 deadlock.

Humphrey (5-0) faltered only once, giving up two runs in the fifth inning.

However, EC bounced back to tie in the bottom of the inning.

Jose Martinez sparked South City to its win over Oceana. The senior shortstop collected three hits and an RBI and was a factor in three Warrior rallies. Matt Allio (3-1) was the winner for SSF.

Serramonte, winless in its last 32 NPL games, led Jefferson 3-1 entering the sixth, but couldn't hold on.

Matt Scheffler who kept the Indians in check through five innings, allowing only one hit, was hit hard in the sixth. Ron Sylvia and Greg Zanders banged doubles and John Healy singled to tie the contest.

Jeff Tallied three times in the top of the eighth to

win. Danny O'Shea's run-scoring single in that inning proved to be the winning hit.

Sylvia, now 4-1, struck out 10.

(Times Photo by John Starny)

**KEEPS STRING ALIVE**  
Crestmoor High pitcher Larry Navilhon recorded the Falcons' third straight shutout Friday, beating Hillsdale 1-0 in an eight-inning game. Navilhon struck out 14 and allowed just two hits, helping keep the Falcons in the Mid-Peninsula League lead.

## Ram Mermen Win Showdown

Westmoor High won the battle of North Peninsula League swim titans Friday, knocking off the visiting Terra Nova Tigers 88-82 to all but clinch the title.

The Rams (4-0) only took four first places, but got a lot of seconds and thirds to win. Terra Nova is now 3-1.

Mike Collett swam to a life-best of 1:09.5 in winning the 100 breast and Terry Kraemer again won the 100 back. Pat McMahon copped the diving with a fine total of 210.95.

Peter Kern and Jay Bontrager were double winners for Terra Nova but it wasn't enough.

# One More Shutout for Crestmoor

John Maxoutopolis rapped a two-out run-scoring double in the bottom of the eighth inning Friday to give Crestmoor High's baseball team its fourth straight Mid-Peninsula League win without a loss, 1-0 over visiting Hillsdale.

In other MPL games, San Mateo beat Burlingame 5-1 to raise its league mark to 3-0, and Dave Litwak's 17-strikeout pitching performance paced Mills 4-1.

With pitchers Larry Navilhon of Crestmoor and Steve Scheisky of Hillsdale (1-3) locked up in a scoreless duel, Neil Wild drew a one-out walk in the Falcons' eighth.

Randy Homan forced Wild, and then stole second. Maxoutopolis followed with his rip to deep left-center field that stretched an over-all Crestmoor victory string to five.

Navilhon struck out 14 and allowed just two hits in recording his second MPL triumph and Crestmoor's third consecutive shutout. Hillsdale's Scheisky struck out nine on a three-hitter.

San Mateo, which also won its fifth straight over-all, jumped off to a 2-0 lead against Burlingame (1-3) on RBI singles by Jeff Gummere in the second and John Sievers in the third.

## Westlake Teen Club Defeats Imperials

The Westlake Junior Teen Club combined teamwork and spirit as they claimed victory over the Imperials in the championship game of the Fourteenth Annual Junior Teen Club Volleyball Tourney at the Westlake Community Center recently.

The tournament sponsored by the Daly City Recreation Department, hosted nine teams from the four very active teen clubs in Daly City-Westlake, the Telstars from the Westmoor area, Eastside from Colma School and the Imperials from Robertson School in the Bayshore area.

The gym was hopping with excitement as coaches Ed Barney, Geni Franceschi and Maryanne Elliot guided their teams to

triumph in the tourney for the second straight year. The highly spirited Imperials finished second, and Eastside and the Telstars tied for third.

Although all teams were high in spirit, the spirit trophy was awarded to the Imperials coached by Gary Medeiros. They were voted the club with the most outstanding drive, enthusiasm and general team play.

Daly City junior teens are encouraged to join in the activities of the club based nearest them. The teen program features a variety of dances, parties, activity nights, and trips, as well as fun co-ed tournaments.

For further information, contact the Daly City Recreation Department.

## Jefferson Defeats O'Connell in DC

Ken Huffman kept Crestmoor High's string of shut-out victories alive by blanking Westmoor 1-0 Monday at Marchbank Park in an opening round contest of the Daly City Lions' Club Tournament.

In other tourney action Jefferson downed O'Connell at Marchbank 5-3; Lowell beat Half Moon Bay 8-0 and Rioridan routed Terra Nova 10-2 in a pair of contests at Terra Nova.

Jefferson was scheduled to meet Lowell and Rioridan opposed Crestmoor in the winner's bracket today, at Marchbank. In the losers division at Terra Nova, O'Connell met Half Moon Bay with Terra Nova versus Westmoor to follow.

The title game will be played at 2 p.m. Wednesday at Marchbank.

Huffman went the distance allowing six hits, striking out six and delivering three walks. He and Larry Navilhon have now tossed four consecutive shutout victories.

Kevin Heaney provided the games only run in the fourth by slapping a two-out double to right-center field to score Frank Flores from first. Mike Mooney went three-for-three to pace the Falcons. John Smith led Westmoor with two hits.

Ed Mixco turned in an outstanding mound per-

formance for Jefferson in their win over O'Connell. Mixco went six strong innings, allowing only two hits before being relieved to start the seventh.

Jeff broke the game open with two important runs in the third after tallying one in the second. Danny O'Shea led off that inning with a base hit. Ron Sylvia followed with an RBI double and then Greg Zanders drove Sylvia home with a single.

The locals didn't fair well in the two coastline games.

Rioridan of the West Catholic Athletic League bunched three runs in the third, five in the fourth and two in the fifth to beat Terra Nova. Ed Pulanco drove in TN's only earned run with a single in the seventh.

## Golden Gate Soccer League Play Begins

The newly formed Golden Gate Youth Soccer League for boys and girls from Daly City-Colma, South San Francisco, Pacifica, Belmont, Burlingame and San Francisco began competition April 3.

Here are the results for the Westlake Youth Soccer Club's representatives:

Under 12's: Westlake Juventus 3, Good Shepherd, Pacifica 0.

An excellent passing game was played by Westlake Juventus, with Donald Osuna scoring twice, and Marc Rosales once with a beautiful one-two effort.

Outstanding were Jim Dekalaita, leftwinger, Bob Brizuela, halfback, Mike Querin, wing half.

The Westlake Rovers defeated the Olympic Club

7-0. Both teams played with eight players only, but Westlake quickly showed its utter superiority, scoring at will, ringing up seven goals before halftime.

As a gesture of goodwill, the second half was played as a friendly match, with both teams exchanging players to even strength.

The Golden Gate Soccer League encourages such friendly play. Large scores by dominating teams are not encouraged and weaker teams are given the chance to enjoy at least half of a match on even terms, playing alongside their opponents.

In the Under 14's category, Westlake ISC lost to South San Francisco 4-0.

Despite its third consecutive loss to their archrivals

and champions of the "Flame" league, the Westlakers have improved their teamwork and combination play. Their defense however is still prone to errors under pressure, and goalie Dave Inocencio himself had to break up many South San Francisco scoring thrusts.

Jim Kennedy, in his first appearance at center half, had the speed to anchor the defense. Paul Luz and Mark Vidosh tried valiantly to contain South San Francisco's excellent rightwinger, who was given too much room to operate in.

Rightwinger Teresa Abrahamson for Westlake, though tightly guarded, managed to set up some scoring opportunities for her teammates, but to no avail.

## Pads Beat SI Nine

Serra High's baseball team scored five runs in the bottom of the second inning Friday and went on to a 9-4 win over visiting St. Ignatius of San Francisco in a West Catholic Athletic League game.

Rich Nichols' RBI double and Bob Figone's two-run single sparked the second for the Padres, now 4-3 in the WCAL.

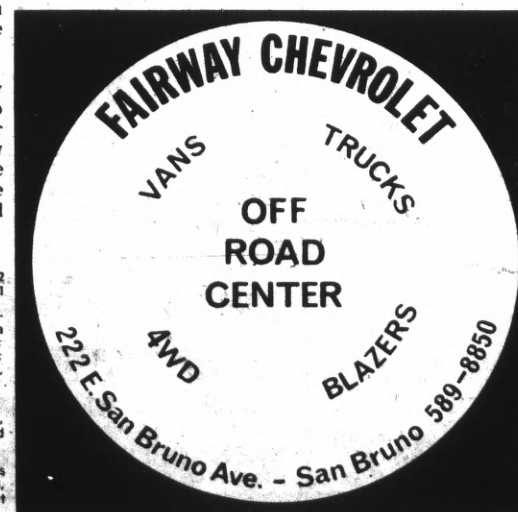

Figone led Serra's 12-hit attack with three hits and two RBIs and Rich Allen added a pair of hits and RBIs. Nichols and Jeff Siragusa both had two RBIs, with Siragusa's coming on a two-run homer in the fourth.

Serra's junior varsity raised its league record to 5-1-1 with a 7-4 victory over St. Gene Seiler didn't allow a hit over the last five innings in a complete game win and had two hits and two RBIs for Serra.

Ricardo Amaguis, Daly City, a founder of Baguio-Californians four years ago, will be installed its president at a dinner-dance April 24 at the Rodeway Inn, South San Francisco. A native of Baguio, Amaguis served with the U.S. Army. He is an employee of Pacific Telephone and Telegraph Co.

# A First: SSF to 'Sneak' Budget

South San Franciscans will get a sneak preview of the city's 1976-77 budget next week.

The City Council, at the request of City Manager Ed Alario, has set a meeting April 15 to study the budget requests of the city's department and division heads.

This will be the first time the individual preliminary requests have been studied by the council before a total budget proposal has been formulated by city staff, Alario said.

"This might be a better way," Alario said. "People have never been aware of city finances as they are now. And we've never been so tight before."

In past years, division and department heads would submit their individual budget requests to the city staff and those requests would be evaluated and compiled into a total budget by the city manager and his staff.

The council never reviewed the individual budget requests before they were adjusted into the city-wide budget proposal.

Alario added that by handling the budget a different way this year perhaps, "I won't be referred to as the dictator I always am."

The departmental budget request deadline was April 2. Alario said all departments met the deadline.

The 1976-77 proposed budget is not scheduled to be submitted to the council until May 21.

A public hearing will be held May 26 and the budget

is scheduled to be adopted by the council June 16.

Although specific budget information will not be available to the public until the council has received the information, Alario said department requests contain the "bare bones."

"We're just trying to live within what we've got to work with," the city manager said.

One particular problem this year is that the city sales tax revenue is expected to be \$750,000 less than in 1975-76. The actual 1974-75 sales tax revenue was \$3,062,000. The estimated 1975-76 revenue is \$3,415,000 although the city now expects to collect closer to \$2,640,000 this year in sales tax.

At the study session next week, the council will be

shown the total requests by divisions and departments.

The council, Alario said, will be able to tell the budget staff what programs and services they want cut so the staff can come up with a balanced budget.

Alario has made it clear that items will have to be cut from the budget if the city is to avoid operating in a deficit.

"We'll try to come as close to a balanced budget as possible," Alario said.

After Wednesday's council session, the council met in executive session to lay the groundwork for negotiations with the city's firefighters.

Fire Captain Al Jones has submitted the salary and fringe benefit package on behalf of Firefighters Local 1507.

Assistant City Manager Mike Wilson, the city's chief negotiator presented that package to the City Council.

The council was expected to give Wilson information to begin working out an agreement with Jones.

The contract for the city's firefighters expires

June 30. Neither party will comment on the contents of that package until agreement is reached.

The contract for the city's firefighters expires

# San Bruno Recall: A 50-50 Chance

By RICK SULLIVAN

The co-chairman of a San Bruno citizens committee contemplating initiating a recall petition against two city councilmen says there is a 50-50 chance that a citywide recall movement will develop in the near future.

Douglas Dawkins, co-chairman of the Save Our City Committee, said this week that the committee is unanimous in its support of a recall campaign against Councilman Tony Governale and Mayor Margaret Koskowski, but he said there is not yet enough community-wide support to launch a successful movement.

Neither Dawkins nor Henry Crosby, chairman of the committee, would reveal how many members are on the committee, saying only that about 50 residents have called them over the past several weeks indicating their support for the recall.

The committee met last Friday and elected a chairman, two co-chairmen, secretary, treasurer and membership chairman.

Crosby said the committee had instructed him not to release the names of any of the officials, but Wednesday Dawkins admitted he had been named co-chairman.

Crosby also said the committee instructed him not to divulge how many members attended the meeting or where the meeting was held.

"I'm only being allowed to say that more people attended Friday's meeting than attended the last meeting," said Crosby.

Several weeks ago the committee met with 12 people reportedly attended.

"Some people are afraid they will be harassed by telephone calls and don't want their names released," said Crosby.

"I will say," he added, "that we are being more open with our committee than the committee that launched the recall movement in 1970-71 and I'll say that we are progressing (in formation of our committee possibly leading to a recall movement) faster than the other group."

Crosby said the committee instructed him to contact a lawyer this week to help the committee legally establish itself as a non-profit organization.

"Once we have filed the proper papers with the state we can begin contacting all those who have called us and indicated their desire to join us and be a part of a recall," said Crosby.

Crosby said the committee has begun a limited telephoning and advertising campaign to get more San Brunans to join the committee and announced that the committee will meet again today to decide on a major advertising campaign.

The committee last week placed an advertisement in the San Bruno Herald that asked city residents who are "dissatisfied with the city administration" and with the voting records of "some councilmen" to call either Crosby or Dawkins.

Crosby said he has received two calls since the ad appeared and Dawkins said he has received "very few calls."

Dawkins explained that some residents may be hesitant to join the committee and jump into a recall campaign and he stressed that the committee was not formed strictly for that purpose.

He said the committee will be a permanent one and will act as a local people's lobby "representing members of the community who are dissatisfied with the present city government."

## Fitzgerald Charges 'Boondoggle'

The proposal of the Association of Bay Area Governments to develop a \$4.3 million Bay Area Environmental Management Program was termed a "boondoggle" Tuesday by County Supervisor James V. Fitzgerald.

"It's a waste of money," Fitzgerald said. "There will be no funds to implement the program. It would cost a trillion dollars."

Fitzgerald's comments came as the board approved a recommendation that the county act as the lead agency for San Mateo County in participation in the program.

ABAG will allocate up to \$200,000 to San Mateo County entities to pay the costs of sharing in integrated planning for air, water and solid waste environmental management.

Dean Macris, assistant planning director for ABAG, said the program is mandated by the Environmental Protection Agency and that if ABAG does not do the planning in the Bay Area it would be done by the state.

Macris acknowledged Fitzgerald's concerns, but noted that no money for implementation would ever be forthcoming from Congress unless there is an environmental management program.

"We have to show what we can and cannot do," he stated.

Board Chairman William H. Royer said he didn't want the county's sewage treatment and disposal program, which is well along, to be held back while air quality and solid waste studies are made.

County Planning Director Donald A. Woolfe replied that those were "groundless fears" that already funded programs will not be delayed.

## Just 1 of 45 Dogs Homeless

All but one of the 45 guard dogs seized by the Peninsula Humane Society Jan. 8 have found homes.

The dogs were impounded and their owner, Rudolf Christians, arrested and charged with cruelty to animals. Humane society officials said it was one of the worst cases of cruelty to dogs they have seen in this county. Christians will be tried April 24.

The dogs were put up for adoption about a month ago. Twelve are now family pets. The others were placed with families who want to use the animals as watchdogs for their businesses, according to Carolyn Dobervich, society information officer.

One of the dogs, which was adopted as a pet, was returned and put to sleep because it was too violent.

None of the other owners has complained, she said.

When the dogs were seized, most of them were emaciated and sick, according to Bob Shreve, also of the society. Cost of medical attention, food and board for the three months was \$12,592, Ms. Dobervich said.

The society launched a fund-raising drive and collected \$10,201, all but about \$2,400 of its costs.

"If it hadn't been for those donations, our whole budget would have been wiped out for the year," she said. "Without the money we simply would be unable to prosecute such cases."

Most of the dogs were German shepherds, Doberman pinschers, and mixed breeds. They had been working as guard dogs at industrial warehouses and large plants throughout the Bay Area.

Charges of offering a bribe to Fasanaro to influence the awarding of the contract to their firm. All three were indicted on November of 1973.

The contract, awarded by trustees of the San Mateo Community College District, was later rescinded.

Courshon said that he elected to try Fasanaro first because he believes that he has sufficient evidence to present a case against him without using the testimony of Ralph or Sando.

"I don't care if we're tried first or second," responded Lois Scampini, attorney for Fasanaro. "We're perfectly willing to have him tried first because we believe that the evidence will result in an acquittal."

## Trial Date Selected for Former College Official

A trial date of Aug. 16 was set today for Matteo V. Fasanaro, the former community college official charged with accepting a \$10,000 bribe to influence the awarding of a telephone system contract in 1972.

Superior Court Judge Alan W. Haverty spurned an attempt by Asst. Dist. Atty. J. Robert Courshon to have the trial set for May 3.

Fasanaro's attorney, Lois Scampini, sought the

later date in light of Courshon's decision to try Fasanaro first.

The D.A. had intended to try two former Litton Business Telephone System executives first, so that he could use their testimony in a Fasanaro trial.

However, Courshon today disclosed a switch in his strategy.

Judge Haverty set Sept. 20 for the former executives, Brian Ralph and Byron Sando, to be tried on

## 'Spearhead' Sets Reunion

World War II veterans of the Third Armored (Spearhead) Division Association have slated their 29th national annual reunion for San Francisco's Jack Tar Hotel July 22-24.

It will be a "family affair."

Veterans of the division which led the U.S. 1st Army across France into Belgium

and Germany now number some 2,000 members.

"Spearheaders" interested in further information may contact Edward S. Berry, 56 Parkwood Drive, Daly City 94015, or the national association's secretary, Paul W. Corrigan, 38 Exchange St., Lynn, Mass. 01901.

## ARE YOUR SUNNY WINDOWS BURNING UP PEOPLE AND AIR CONDITIONING DOLLARS?

Get year-round comfort, save energy with Scotchint® Sun Control Film. You can easily control window heat and glare with "Scotchint" Sun Control Film applied to the inside of sun-facing windows. This amazing material, by 3M Company, cuts window heat as much as 75%, and annoying glare up to 82%. Your building is cooler in summer, more comfortable in winter.

100 square feet of "Scotchint" Film on sun-facing windows can equal one ton of air conditioning! Reduces extra cycling of heating and air conditioning equipment. And the mirror-like appearance enhances your building appearance. Professionally installed with minimum disruption.

**CHINS UP**  
Brisbane City Manager Clark Smithson grunts his chin over the test bar during recent firefighters' agility tests.

## Firefighters Shape Up

By FRANK LAPIERRE

Last year the Brisbane Firefighters Union, Local 2400, agreed to perform agility tests annually in lieu of undergoing medical exams.

The city felt this would not only prove the firemen were in top shape, it would also save the city a few dollars in doctors' fees.

Effective July 1, 1975, firefighters daily participated in a regular exercise program to ensure that they stayed in shape.

This was the first year, however, that the firemen actually went through with the endurance and agility tests.

To prove to city employees that "I can do whatever the city's employees can do," City Manager Clark Smithson opted to participate.

A series of chinups, pushups, broad leaps, situps and a mile run later, Smithson proved his point — he stayed with the best of them.

While his performance certainly did not qualify him for the U.S. Olympic Team, Smithson did manage to pull his own weight, so to speak.

James McGuire, a fireman and sports enthusiast, was appointed "official scorekeeper" of the events.

The tests are broken down by age bracket. Smithson who is in the 35-39 age bracket passed with an 80 per cent score. All he needed was 45 per cent.

There was an incentive, of sorts, provided for the firemen — If they failed to meet minimum requirements, they had to accept a 2½ per cent pay cut.

Here are the minimum requirements:  
— Three pullups. Eleven pullups were required for 100 per cent in this category.  
— Nine pushups. Persons with piston-like arms get 100 per cent in this category if they can survive 21 pushups.

## Murder Try Is Charged

A 33-year-old Daly City man was arrested Thursday afternoon on charges of attempting to murder his girl friend outside a Mission Street motel.

Booked at the Daly City jail for assault with intent to commit murder was Bobby Mack, 33, of 7425 Mission St.

According to police, Mack and his girl friend, Diane Jimmerson, 23, got into an argument in their motel room and Mack allegedly slapped the girl several times.

When Miss Jimmerson ran from the motel room, police said that Mack followed her and fired a shot from a 38-caliber revolver at her and missed.

1537 to 3072 issues \$2764.80  
Each issue of The Post and San Bruno Publications will be considered as consecutive insertions and must be taken to qualify for consecutive insertion rates. San Bruno newspapers are published Wednesday and Saturday. The Post is published Wednesday.

**ACCEPTABILITY**  
The Times reserves the right to reject, censor and properly classify any advertisement.  
**THE FIRST WORD** of each 8 point type ad will be spelled out. Abbreviations will be accepted on the first word in 12 point or larger type lines. However, any ad that does not begin with an alphabetical character, will not be in alphabetical sequence.  
**DEADLINE:** Classified advertising must be placed by 3 p.m. on the day preceding publication. Monday through Friday, 12 noon Saturday for Monday's publication and 48 hours preceding holidays.  
**ERRORS:** No responsibility is assumed by publisher for errors in any advertisement caused by error, nor for the omission of any advertisement in whole or in part, nor for failure to comply with the placement of advertising as ordered, either as to frequency or volume. In no event shall publisher be liable for special damages or consequential damages even if it has been notified of the possibility of such damages.  
Errors in published advertisements must be reported immediately, and if done, publisher will publish an appropriate correction and where publisher deems it necessary a rerun of the advertisement as corrected. Publisher's judgment of the error substantially varies the meaning of the advertisement as ordered. Such corrections will be made only as to those advertisements which are ordered for one insertion, and as to the insertion only when ordered for more than one insertion.  
**GENERAL INFORMATION**  
Rate cards and circulation figures are available upon request. For more detailed information on credit, mechanical requirements, deadlines, cancellations, and additional rates please contact your nearest office for a rate card.
